

## Doctors' Office Quality - Information Technology (DOQ-IT) Project Vendor List

The companies listed below are Electronic Health Record (EHR) and Health Information Technology (HIT) vendors, which have declared their support for the DOQ-IT program. These vendors have agreed to sign a DOQ-IT letter of intent to declare their intent to meet program expectations regarding the capture and output of clinical quality.

Note to members of the American Academy of Family Physicians (AAFP): The AAFP has signed agreements with certain software, hardware, and network services companies. Members of the AAFP can purchase products and services at significantly reduced prices, and in some cases, obtain additional assistance at no charge. An AAFP discount is offered to AAFP members through the organization's Partners for Patients program. Other vendors may have joined that are not known as of this date.
